Contracts for Difference (“CFDs”) are leveraged products and carry a high level of risk to your capital as prices may move rapidly against you. Losses can exceed your deposits and you may be required to make further payments. These products may not be suitable for all clients therefore ensure you understand the risks and seek independent advice.

Fintrust Managers offers purely brokerage services on cfd's and can recommend fundmanagers/trading solutions to clients and will not be held liable for whatever trading decisions (which includes loss of trading capital) such fundmanagers/trading solutions take on the clients trading accounts. Any Liability and Risk on trading capital resides strictly on the clients
